

PHOTO INSTRUCTIONS FOR U.S. PASSPORTS

You must submit with your application two (2) identical photographs of you alone, sufficiently recent to be a good likeness (taken within the last 6 months). They are to be 2 by 2 inches (5 by 5 cms) in size, with an image size from the bottom of chin to top of head (including hair) of between 1 and 1-3/8 inches (**see diagram**). The photographs must be clear, front view, full face taken in normal street attire without a hat or dark glasses, and printed on thin, preferably non-glossy photographic paper, with a plain light (or off-white) background and no borders. **They must be in color.** They must be capable of withstanding a mounting temperature of 225 degrees Fahrenheit (107 degrees Celsius). **They must also resist light, dampness and must be long-lasting.** They must not be over-exposed. **Features must clearly appear.**

Photographs retouched so that your appearance is changed are unacceptable.

Snapshots and vending machine prints are not acceptable. Digitalized photographs are not acceptable.

The list of photographers below has been prepared for your convenience. All are aware of the photograph requirements for passports issued at Marseille. The Consulate General, however, assumes no responsibility for the integrity of their work.
